SCHEDULE OF SYMPOSIUM

JUNE 28 (Wednesday)

Tours

17.30 – 20.00 – Museum of Medicine History (The Moscow State University of Medicine and Dentistry; Dolgorukovskaya St., 4/7; metro station “Novoslobodskaya” and “Mendeleevskaya”)

20.00 – 22.00 – walking tour around the city

JUNE 29 (Thursday)

9.30 – 10.00 – registration (*Hall, 18th floor*)

10.00 – 13.00 – plenary sessions

13.00 – 14.00 – lunch (self-organized, cafeteria on the 2nd floor is open)

14.00 – 16.00 – sessions

16.00 – 16.30 – coffee break

16.30 – 18.30 – sessions

18.30 – 19.00 – evening tea

19.00 – 21.00 – seminar

JUNE 30 (Friday)

10.00 – 11.30 – sessions

11.30 – 12.00 – coffee break

12.00 – 13.00 – sessions

13.00 – 14.00 – lunch (self-organized)

14.00 – 16.30 – sessions

16.30 – 17.00 – coffee break

17.00 – 18.30 – sessions

18.30 – 19.30 – evening tea

19.30 – 21.00 – seminar

JULY 1 (Saturday)

10.00 – 12.00 – sessions

12.00 – 12.30 – coffee break

12.30 – 14.00 – sessions

14.00 – 15.00 – lunch (self-organized)

15.00 – 16.30 – concluding plenary session

16.30 – 18.00 – seminar

18.00 – 19.00 – evening tea

19.00 – 22.00 – a fairy-boat tour on Moscow river

SESSIONS and MODERATORS

Plenary session

Moderator:

Doctor of Science (History)
Kharitonova Valentina Ivanovna

(1) Medical anthropology as a field of science and education: experience from Russia and abroad

Moderators:

Doctor of Science (Philosophy) Kirilenko Elena Ivanovna
Ph.D (Social Anthropology) Manuylov Alexandr Nikolaevich

(2) Doctors and patients: issues of communication

Moderators:

Doctor of Science (Philosophy) Mikhel Dmitry Viktorovich
Candidate of Science (Medicine) Buldakova Yulia Rafaelevna

(3) Medicine, health and survival in the global world

Moderators:

Candidate of Science (Medicine)
Prisyazhnaya Nadezhda Vladimirova
Candidate of Science (Philosophy)
Nezhmetdinova Farida Tansykovna

(4) ITTrust in medicine and “practices of hope”

Moderators:

Doctor of Science (Philosophy) Lekhtsier Vitaly Leonidovich
Candidate of Science (Philosophy) Mikhel Irina Vladimirovna

(5) Female and male reproductive health in contemporary medico-anthropological studies

Moderators:

Candidate of Science (Medicine) Dobryakov Igor Valerievich
Candidate of Science (History) Ozhiganova Anna Alexandrovna

(6) Symbolic (cultural) meanings of body, health and purity

Moderators:

Ph.D. Juhász Katalin

Candidate of Science (History) Naumova Olga Borisovna

(A demonstration by Katalin Juhász)

(7) Biological anthropology: Evolution of subject field

Moderators:

Doctor of Science (Medicine) Kommisarova Elena Nikolaevna

Doctor of Science (Biology) Spicina Nailia Hadjievna

(8) Homeopathy in contemporary world

Moderators:

Candidate of Science (Philosophy) Zinovieva Inna Vladimirovna

Candidate of Science (Medicine) Goloviznin Mark Vasilievich

(9) Anthropology of mental health

Moderators:

Candidate of Science (Medicine) Molchanova Elena Sergeevna

Doctor of Science (Philosophy) Mikhel Dmitry Viktorovich

(A demonstration by Olga Zrilina)

**(10) Folk medicine, traditional medicine
and traditional medical systems
in the focus of medical anthropology**

Moderators:

Doctor of Science (History) Kerimova Maryam Mustafaevna

Ph.D. Koiva Mare

(11) Spiritual healing and altered states of consciousness

Moderators:

Candidate of Science (History) Popovkina Galina Sergeevna

Candidate of Science (History) Kharyuchi Galina Pavlovna

**(12) Visual arts and music therapy
in traditional and contemporary medical systems**

Moderators:

Doctor of Science (Art History) Dobzhanskaya Oksana Eduardovna
Doctor of Science (Art History) Yunusova Violetta Nikolayevna

(A demonstration by Valery Ledkov)

**(13) Anthropology of biomedical science
and new biomedical technologies**

Moderators:

Doctor of Science (Philosophy) Moiseev Vyacheslav Ivanovich
Candidate of Science (Philosophy) Kozhevnikova Magdalena

**(14) Food and medicinal (sacred) plants
in the focus of medical anthropology**

Moderators:

Doctor of Science (History) Pushkareva Elena Timofeevna,
Doctor of Science (Medicine) Korsun Vladimir Fyodorovich

**(15) Anthropology of disability: views on disability in different
cultures**

Moderators:

Doctor of Science (History) Nosenko-Stein Elena Eduardovna
Candidate of Science (History) Kurlenkova Alexandra Sergeevna

Round-table «Issues of migrants' health»

Moderators:

Candidate of Science (History) Kalandarov Tokhir Safarbekovich
Doctor of Science (History) Kotovskaya Maria Grigorievna

Concluding plenary session

Moderators:

Doctor of Science (History)
Kharitonova Valentina Ivan

Schedule of sessions

29 June	Opening of symposium and plenary session (Small Hall, 18th floor)			
10.00 – 13.00				
13.00 – 14.00	Lunch break			
<i>Sessions</i>				
	Small Hall	Museum Hall	1811	1907
14.00 – 16.00	№ 1	№ 2	№ 3	№ 4
16.00 – 16.30	Coffee break (Hall, 18th floor)			
16.30 – 18.30	№ 1	№ 2	№ 3	№ 4
18.30 – 19.00	Evening tea (Hall, 18th floor)			
19.00 – 21.00	<i>Seminar «Healing practices of Peruvian curanderos» with Walter Martinez Guimaray and Fernando Levi Mahua</i>			
30 June				
10.00 – 11.30	№ 7	№ 5	№ 8	№ 6
11.30 – 11.45	Coffee break (Hall, 18th floor)			
11.45 – 13.00	№ 7	№ 5	№ 8	№ 6
13.00 – 14.00	Lunch break			
14.00 – 16.00	№ 12	№ 9	№ 11	№ 10
16.00 – 16.30	Coffee break (Hall, 18th floor)			
16.30 – 18.30	№ 12	№ 9	№ 11	№ 10
19.30 – 19.30	Evening tea (Hall, 18th floor)			
19.30 – 21.00	<i>«Khomus therapy among people of Sakha Republic (Yakutiya)» with Juliana Krivoshapkina and Iya Mekkyusarovau</i>			
July 1				
10.00 – 12.00	№ 15	<i>Round-table</i>	№ 14	№ 13
12.00 – 12.30	Coffee break (Hall, 18th floor)			
12.30 – 14.00	№ 15	<i>Round-table</i>	№ 14	№ 13
14.00 – 15.00	Lunch break			
15.00 – 16.30	<i>Plenary session (Small Hall, 18th floor)</i>			
16.30 – 18.00	<i>Seminar “Healing practices of Tuva; throat singing” with Nikolay Munzukovich Oorzhak</i>			
18.00 – 19.00	Evening tea (Hall, 18th floor)			

SCIENTIFIC PROGRAM

JUNE 29: 10.00 – 13.00

Small Hall, 18th floor

PLENARY SESSION

Moderator:

Doctor of Science (History)
Kharitonova Valentina Ivanovna

*Greetings and addresses of co-organizers, chairs
Greetings from public officials and organizations*

*Johansen, Ulla (Germany: Köln) Medical Anthropology in Germany:
beginning of the discipline formation (online)*

Plenary speeches:

*Kharitonova Valentina Ivanovna (Russia: Moscow) Russian Association
of Medical Anthropologists: issues, achievements, projects of develop-
ment of medical anthropology in Russia.*

*Eigner, Dagmar (Austria: Vienna) Development of medical anthropol-
ogy in continental Europe.*

*Schirripa, Pino (Italy: Rome) European medical anthropologists in un-
stable globalising world (online)*

*Mikhel Dmitry Viktorovich (Russia: Saratov) Medical anthropology in
unstable globalising world: transfer of knowledge, differences in interpreta-
tions, search for mutual understanding.*

June 29: 14.00–18.30 – sessions I:

**Medical anthropology as a field of science and education:
experience from Russia and abroad**

Small Hall, 18th floor

Moderators:

*Doctor of Science (Philosophy) Kirilenko Elena Ivanovna
Ph.D (Social Anthropology) Manuylov Alexandr Nikolaevich*

*Sokolova Elena Konstantinovna Medical anthropology: Cri Du Coeur in
the USA and Russia.*

Manuylov Alexandr Nikolaevich Auto-ethnographic techniques in medical anthropology.

Joshi P. C. Status of teaching and research of medical anthropology in India (*online*)

Ignatova Alla Ivanovna Issues of teaching of changes in public opinions on folk medicine in medical universities.

Šatūnienė, Reda Medical anthropology as sphere of health knowledge: researching intersections and possible ways of and collaboration of conventional and alternative medicine (*online*)

Tutorskaya Maria Sergeevna Communicative and narrative competence of a doctor.

Endalitseva Alexandra Can medical anthropology be a tool of health innovation in Russia? The agency and politics of patient expert knowledge

Mare Kõiva Courses of natural therapy and folk medicine in Estonia.

Session 2:

Doctors and patients: issues of communication

Museum Hall, 19th floor

Moderators:

Doctor of Science (Philosophy) Mikhel Dmitry Viktorovich

Candidate of Science (Medicine) Buldakova Yulia Rafaelevna

Pavlov Sergey Vladimirovich Medical professionals and patients: communication on health issues.

Buldakova Yulia Rafaelevna Some aspects of doctors' and patients' decision-making under conditions of a municipal clinic.

Savelieva Zhanna Vladimirovna Doctors and patients on justice: socio-cultural and informational barriers and accessibility. (*online*)

Ugarova Anastasiya Sergeevna Construction of multiple pain by doctors in interactions with oncological patients in medical institutions of a big city.

Andreev Sergey Igorevich, Odnostalko Maxim Alexandrovich, Donkova Butidma Borisovna Peculiarities of military-medical communication: illustratory cases.

Maylenova Farida Gabdelkhakovna Doctor's choice and responsibility in an unusual moral situation (analysis of a movie "The unknown girl" («La fille inconnue»). Directors: Jean-Pierre Dardenne, Luc Dardenne – Belgium, 2016).

Iskhakov Eduard Robertovich, Nizamov Ruslan Ayratovich, Timerbulatov Shamil Vilievich Compliance to doctor's recommendations by sick patients with gallstone disease after cholecystectomy.

Voronkov Alexey Viktorovich Practices of translation of interests in the Russian health care: case of implementation of innovative treatment for chronic hepatitis C in Moscow area.

Andreev Andrey Nikolaevich Bureaucratization of personality or HIV-positive status?

Wilhelmi, Barbara Communication between... Spiritual Healing: Painting for the Soul.

Session 3:

Medicine, health and survival in the global world

Room 1811

Moderatos:

Candidate of Science (Medicine) Prisyazhnaya Nadezhda Vladimirova

Candidate of Science (Philosophy) Nezhmetdinova Farida Tansykovna

Reshetnikov Andrei Veniaminovich, Prisyazhnaya Nadezhda Vladimirovna The Russian medicus: social expectations from the health system and medicalization of consciousness.

Rogozin Andrey Vasilievich Issues of Russian healthcare system from the point of view of cultural determinism.

Nezhmetdinova Farida Tansykovna Global bioethics and existential risks.

Sergeev Boris Igorevich Conducting medical check-up of migrants: overview of international experience.

Prisyazhnaya Nadezhda Vladimirovna Graduates of orphanages: "in" or "outside" medicalized reality?

Mikhel Irina Vladimirovna Water, land and seeds as a resource of survival in the globalizing world: analysis of activities of the "Nine Seeds" Fund.

Zvonareva Olga Igorevna Life by the river: understanding Opisthorchiasis transmission dynamics in Western Siberia.

Roriz, Marta The biomedicalization of obesity in Portugal and the experience of bariatric surgery as care, an ethnography.

Vyatkina Natalia Alexandrovna Health maintenance and the internet.

Session 4:

Trust in medicine and “practices of hope”

Room 1907

Moderators:

Doctor of Science (Philosophy) Lekhtsier Vitaly Leonidovich

Candidate of Science (Philosophy) Mikhel Irina Vladimirovna

Lekhtsier Vitaly Leonidovich Studies of “practices of hope” in medical anthropology: what do patients, their relatives and doctors hope for?

Testuzza, Mattia Health and Politics of Trust. Uncertainty and MDR-TB in Kathmandu.

Kukso Ksenia Aleksandrovna Power and images of hope in the epidemic experience of the Middle Ages: between cynicism of social form-building and the subject of sacrifice.

Ozhiganova Anna Alexandrovna "Therapeutic nihilism": the history of the concept and the prospects of its application in medical anthropology.

Krikhtova Tatiana Mikhailovna The Orthodox priest in the health care system.

Pirogovskaya Maria Mikhailovna "They started to worry about man": rhetoric of disgust in the Russian medical press of the 1870s and 1880s.

Sklyarova Tatiana Valentinovna, Chernetskaya Anzhela Albertovna Everyday interactions between patients and medical professionals: ethics and “translation problems”.

Sagalchik Lidiya Mikhailovna Affiliation around patients from a medical practitioner’s point of view.

Ondar Tatiana Alekseevna Image of a medical practitioner.

June 30: 10.00–13.00 – sessions

Session 5:

**Female and male reproductive health
in contemporary medico-anthropological studies**

Museum Hall, 19th floor

Moderators:

Candidate of Science (Medicine) Dobryakov Igor Valerievich

Candidate of Science (History) Ozhiganova Anna Alexandrovna

Dobryakov Igor Valerievich Perinatal aspects of medical anthropology.

Chowdhury, Sadia Sharing responsibility: perceptions and awareness of male partners regarding the effects of female contraception.

Kupryashina Nadezhda Anatolievna Use of the methods “Ginoroda” and ‘soft delivery’ by obstetricians of Perinatal Medical Center “Mother and Child”.

Yumakulov, Sophya Opening Up Parenthood: A Theoretical Exploration of Movement, Grids, and Gaps in Gestational Surrogacy.

Novkunskaya Anastasiya Andreevna Institutional opportunities and limitations in the choice of a maternity house in small Russian cities.

Georges, Eugeniya Stratifying authoritative knowledge: midwifery and immigrants in Greek maternity care.

Ozhiganova Anna Alexandrovna Ultrasound screening of fetuses in Russia: practices of acceptance and rejection.

Batyanova Elena Petrovna Formation of medical practice in the field of reproductive health during the Revolution of 1917 (Karachevsky district of Oryol province).

Bakanova Marina Vladimirovna Socio-psychological factors affecting morbidity and development of iron deficiency anemia in South Asian women.

Session 6:

Symbolic (cultural) meanings of body, health and purity

Room 1907

Moderators:

Ph.D. Juhász Katalin

Candidate of Science (History) Naumova Olga Borisovna

Griber Yulia Aleksandrovna, Jung Ivar Colors of health and disease: a sociocultural study of associations.

Ershov Mikhail Fedorovich "Discovery" of dirt and purity: socio-cultural aspects.

Naumova Olga Borisovna Attitudes to corporality and purity / dirt in the traditional culture of Kazakhs.

Roshchin Mikhail Yurievich Peculiarities of practices of female circumcision: ethnic and religious traditions.

Nauwald Nana, Ratnichkina Elena Sergeevna Female circumcision in Peru (the memory of traditions). (*online*)

Marinicheva Yulia Yurevna Russian PE: from physical education to physical culture.

Zabolotskaya Irina Konstantinovna Philosophy of joy and health.

Juhász, Katalin Chinese meridian gymnastics in Hungary: alternative medicine, social movement or a sect?

(A demonstration by Katalin Juhász)

Session 7:

Biological anthropology: Evolution of subject field

Small Hall, 18th floor

Moderators:

Doctor of Science (Medicine) Kommissarova Elena Nikolaevna

Doctor of Science (Biology) Spicina Nailia Hadjievna

Tatarenko-Kozmina Tatyana Yuriyevna, Panova Tatyana Evgenyevna Environmental diseases in various anthropogeocenoses.

Spitsyn Viktor Alekseevich, Spitsyna Nailya Khadzhievna Women's milk and breast-feeding of newborns. Genetic aspects of compatibility and influence on reproduction.

Gladilin Yuri Aleksandrovich Quantitative characteristic of pulmonary veins of the second order of man and some laboratory animals.

Grechkina Lyudmila Ivanovna Regional features of the cardiovascular system in adolescent boys of Magadan and Moscow (a comparative research).

Skrikan Galina Vladimirovna Anthropological aspects of health and "school" diseases among Belarusian teenagers. (*online*)

Klyus Yuri Anatolievich, Komissarova Elena Nikolaevna Mutual relations of morphological and functional signs at the stage of completion of growth processes in girls of different somato-types.

Komissarova Elena Nikolaevna, Panasyuk Tatyana Vladimirovna, Karelina Natalia Rafailovna Motor development of children of different body types as a criterion of biological maturity.

Maksynev Dmitriy Vladimirovich Influence of actual nutrition and energy expenditures on the formation of morphological and nutritional statuses of Tambov students having alimentation insufficiency.

Ognerubov Nikolay Alekseevich, Maxinev Dmitry Genitometric features of Russian and foreign young students.

Silyanina Lyubov Valerevna Differences in somato-metric measurements between representatives of polar races in the modern society.

Session 8:

Homeopathy in contemporary world

Room 1811

Moderators:

Candidate of Science (Philosophy) Zinovieva Inna Vladimirovna

Candidate of Science (Medicine) Goloviznin Mark Vasilievich

Zinovieva Inna Vladimirovna Holistic conception of human health in homeopathy.

Sadykov Radik Ahmedovich Classical and non-classical homeopaths in Russian public health: professionalization strategies.

Martynenko Oleg Gennadievich Isopathy as a part of homeopathy in the treatment of autism.

Bolotova Oksana Vasilevna Anthropological approach to the treatment by method of homeopathy.

Povstyanaya Anna Nikolaevna Homeopathy as a therapeutic system for realization of individual and constitutional approaches in medicine.

Pesonina Svetlana Petrovna Ethics of relationships between a patient and a doctor-homeopath.

Ivanov-Vyzgo Daniil Alekseevich "Believes about disease" and "intervention into disease": structures of medical thinking.

Khachatryan Naira Grigorievna The place of homeopathy in the system of modern health care.

Erik van Woensel Increased number of mental and emotional complaints in children: causes and solutions.

Goloviznin Mark Vasilievich The law of similarity in European medicine: between mysticism and rationality.

June 30: 14.00–18.30 – sessions

Session 9:

Anthropology of mental health

Museum Hall, 19th floor

Moderators:

Candidate of Science (Medicine) Molchanova Elena Sergeevna

Doctor of Science (Philosophy) Mikhel Dmitry Viktorovich

Dobryakov Igor Valerevich The formation of the human psyche in the early stages of ontogenesis. Prevention of abnormalities.

Kremer, Jürgen Diné Chantways - Multisensory Design and Right Brain Integration.

Molchanova Elena Sergeevna, Sim Ida Symptoms of chronic diseases in Kyrgyzstan as a way of presenting psychological problems.

Kuzmin Kirill Gennadievich (Hieromonk Diomid) Concepts of disease and recovery in various therapeutic programs of work with drug addicts.

Kuchinsky Maxim Gennadievich Patients of Russian psychiatric hospitals in the 1990s: the structure of communities and informal interactions between patients and medical staff.

Tendryakova Maria Vladimirovna Cultural narratives of mental illnesses: past and present.

Mikhel Dmitry Viktorovich Bipolar disorder in a developed industrial society.

Molchanova Elena Sergeevna Mental health of brides in Kyrgyzstan: modern approaches to the "ancient" tradition.

Eigner, Dagmar Multisensory experience in traditional healing rituals.

Zrilina Olga Sergeevna "Dialogue in the Dark": metamorphoses of consciousness.

(A demonstration by Olga Zrilina)

Session 10:

Folk medicine, traditional medicine and traditional medical systems in the focus of medical anthropology

Room 1907

Moderators:

Doctor of Science (History) Kerimova Maryam Mustafaevna

Ph.D. Koiva Mare

Moiseeva Oksana Nikolaevna Principles of classification of medical schools and systems.

Idoyaga Molina, Anatilde A new proposal for medical categorizations in intercultural contexts.

Kotova Natalia Igorevna Ayurveda, the traditional medicine of India, in Indian big cities: the experience of anthropological research in Delhi and Mumbai.

Zhabon Yumzhana Zhalsanovna Medical ethics in the Tibetan medicine.

Pavlova Lyudmila Anatolevna Development of the Tuva-Tibetan medicine in the XX-XXI centuries.

Ushnitsky Vasilii Vasilievich Traditional folk medicine of the Yakuts.

Doronin Dmitry Yurievich Ours or theirs? The value of the non-Altai in opinions about health and practices of Altai healers.

Omaeva Ellara Ulyayevna Medical astrology of the Mongolian peoples.

Stadnik Yulia Aleksandrovna Maintenance of medical magic in Russian ethno-culture.

Lipatova Antonina Petrovna Folk healer: ambiguous evaluations.

Mazalova Natalia Evgenevna Evil eye and entities in folk, religious and extra-sensory medical practices.

Solovyeva Lyubov Timofeevna The rational and the irrational in the treatment of children among Georgians.

Brusina Olga Ilyinichna Traditional ways of maintaining health of South-Russian Turkmens and their relationship to official medicine in the early twentieth century.

Session 11:

Spiritual healing and altered states of consciousness

Room 1811

Moderators:

Candidate of Science (History) Popovkina Galina Sergeevna

Candidate of Science (History) Kharyuchi Galina Pavlovna

Chekurova Natalia Ernestovna "Bali: Sekala and Niskala": the institute of traditional healing in Bali.

Kharyuchi Galina Pavlovna The rite of Salcurma – bringing back to life.

Tseslevskaya Anna Vitoldovna Rituals of women's circles, their impact on the social life of women in Tajikistan.

Sultangareyeva Rosaliya Asfandiyarovna Casting of „kuts“ as an act of mythical first-creation and materialization of life force.

Popovkina Galina Sergeevna Healing by Logos: Christian aspects of some contemporary psychological practices.

Kolosova Irina Valerievna Influence of traditional practices of contemplation on human health.

Ryabikov Vadim Vadimovich Phenomenon of altered states of consciousness as a subject of medical anthropology and anthropology of consciousness.

Ratnichkina Elena Sergeevna Method of ecstatic trance and ritual-trancelike poses: results of the study of practitioners.

Likhomanov Alexander Evgenevich New Age and non-conventional medicine in Russia.

Session 12:

**Visual arts and music therapy
in traditional
and contemporary medical systems**

Small Hall, 18th floor

Moderators:

Doctor of Science (Art History) Dobzhanskaya Oksana Eduardovna

Doctor of Science (Art History) Yunusova Violetta Nikolayevna

Markov Boris Vasilievich Philosophical and therapeutic analytics of music
Yunusova Violetta Nikolaevna Music therapy in the traditional culture of the Near and Middle East.

Antipova Viktoriya Yurievna Sound therapy in Indonesian culture: from music to theater.

Dobzhanskaya Oksana Eduardovna Music in the rites of treatment: shamanism of Samoyed peoples.

Kardashevskaya Liya Ivanovna On the role of shaman and his attributes in the rite of healing among the Evenks.

Voldina Tatyana Vladimirovna Song as a healing remedy in the traditional culture of the Ob Ugrians.

Nikitina Galina Alexandrovna Onomatopoeia in music therapy (field data from Chuvashia).

Meckyusarova Iya Aleksandrovna Jew's harp playing as a therapeutic practice.

Dyakonova Varvara Egorovna On the healing properties of the sound of phonoinstruments of the Sakha.

Michaelson Susan Making Art for Life's Sake in an Increasingly Interconnected World. Exploring a relationship between.

Volchek Olga Dmitrievna Music and adaptation to the environment.

Voldina Tatyana Vladimirovna, Ledkov Valery Konstantinovich Psychotherapeutic effects of the singer-songwriter song.

Ondar Tatiana Alekseevna Art therapy in traditional culture of Tuvinians.

(A demonstration by Valery Ledkov)

July 1: 10.00 –14.00 – sessions

Session 13:

**Anthropology of biomedical science and new biomedical technologies
Room 1907**

Moderators:

Doctor of Science (Philosophy) Moiseev Vyacheslav Ivanovich

Candidate of Science (Philosophy) Kozhevnikova Magdalena

Moiseev Vyacheslav Ivanovich Between medicine-apriori and medicine-aposteriori.

Tiras Kharlampiy Panteleymonovich, Lesovichenko Andrey Mikhailovich, Kozhevnikova Magdalena Anthropology and biology: does digital world need humans?

Berdysheva Elena Sergeevna Competing orders of justification of value of drugs in Russia: analysis of the case of commercialization process of an anti-cancer pharmaceutical.

Biryukova Marina Viktorovna Humanitarian and natural-science aspects of studies of con- temporary biomedical technologies.

Kozhevnikova Magdalena New perspectives of transplantation: people and plants.

Burlina Elena Yakovlenva Socio-cultural forms of biomedical innovations as a society mirror.

Gorbuleva Maria Sergeevna Anomie between values of health care system and goals of new biomedical technologies.

Kozhevnikova Magdalena Growing human replacement organs in animals: new perspectives and ethical risks.

Session 14:

**Food and medicinal (sacred) plants
in the focus of medical anthropology**

Room 1811

Moderators:

Doctor of Science (History) Pushkareva Elena Timofeevna,

Doctor of Science (Medicine) Korsun Vladimir Fyodorovich

Kozlov Andrey Igorevich Influence of "traditional" and "westernized" distribution of products of "Arctic cuisine" on the nutritional status of indigenous Northerners.

Marshak Yakov Immanuilovich Influence of sedative satisfaction of ingestive behavior trait.

Pushkareva Elena Timofeevna Changes in nutrition of the Nenets.

Demidova Yuliya Andreevna Alternative practices of nutrition and interpretation of healthy lifestyle (case of eco-settlements).

Voronina Tatyana Andreevna Folk practices of use of wild plants for nutrition and treatment (XIX – early XX centuries).

Grigulevich Nadezhda Iosifovna Medicinal plants in contemporary food culture.

Yaneva-Balabanska, Iliyana Ethnomedicine and contemporary pharmacology in Bulgaria.

Korsun Vladimir Fyedorovich Ethno-pharmacology of Ivan-tea.

Manichkin Nestor Alexandrovich The cult of Ngurunfind: sacred and curative plants of the Afro-Cuban tradition Palo.

Session 15:

Anthropology of disability: views on disability in different cultures

Small Hall, 18th floor

Moderators:

Doctor of Science (History) Nosenko-Stein Elena Eduardovna

Candidate of Science (History) Kurlenkova Alexandra Sergeevna

Morozova Elena Aleksandrovna The problem of social adaptation of disabled people: the theoretical aspect.

Kurlenkova Alexandra Sergeevna New approaches to the study of body and disability.

Endaltseva Alexandra A „vitalist“ perspective on disability studies: Aligning models of disability with Euro-Asian context.

Torloпова Lyubov Andreevna Shift in the institutional paradigm: the impact of globalization on defining boundaries of Russian disability.

Naberushkina Elmira Kyamalovna City for life.

Stroganov Mikhail Viktorovich Motivation by sight. From ‘Blind musician’ to ‘City N’.

Nosenko-Shtein Elena Eduardovna Marital preferences of women with disability in contemporary Russia.

Dobrovolskaya Varvara Evgenevna Perception of a person with disability as a mythological hero: characteristics shaping the image.

Blyth, Craig Freak to Superhuman: the representation of disabled people in UK popular media.

Klepikova Anna Aleksandrovna Treatment of disability: the effectiveness of rehabilitation in the views of parents of children with developmental disabilities.

Lubyankina Elena Andreevna The adult and the child in the practice of interaction with young people with mental disabilities.

Altukhova Anna Nikolaevna Idyll of a country house: rural settlements for people with multiple disabilities.

Frolova Aleksandra Viktorovna Anthropology of disability in the culture of motherhood and childhood (based on the materials of the Russian North).

Round-table

ISSUES OF MIGRANTS' HEALTH

Museum Hall, 19th floor

Moderators:

Candidate of Science (History) Kalandarov Tokhir Safarbekovich

Main papers:

Galeazzi, Stefano God does not wear the coat. Traditional medicine among African migrants in rural Calabria (Italy). (*online*)

Kotovskaya Maria Grigoryevna Some aspects of analysis of health of migrants in Moscow.

Maslova Yulia Olegovna Problems of vaccine prophylactics of infectious diseases among children of refugees.

Sulaymonov Khimat Mukhtaramovich Health state of migrants and experience of doctors-volunteers in Tajikistan.

Kalandarov Tohir Safarbekovich Sexual life of labor migrants from the Republic of Tajikistan (to the issue of prevention of STDs).

Discussion:

Stepanov Valery Vladimirovich

Tseslevskaya Anna Vitoldovna (*online*)

July 1: 15.00-16.30

Small Hall, 18th floor

CONCLUDING PLENARY SESSION
